### ACADEMY DETAILS

#### GET GIRLS READY FOR THE HS GOLF SEASON!

**Using technology, competitive playing experience and concepts from the Operation 36 Golf Curriculum**

Instructor team will include: **Joey Esh**, PGA  
(2-time PNWPGA Youth Player Development Award winner)

Our focus is to create an active learning atmosphere where girls ages 15-18, can continue to develop athletic skills, balance, hand-eye coordination, agility and learn how to create speed. We use stations, competitions and drills to help golfers grow in their physical golf skills, plus in their mental toughness to help them prepare for high school level competition. To support learning, we utilize the V1 Coaching System video swing analysis.
